# ULRIKA PERSSON

Hi I´m Ulrika!

Here you have a creative, athletic, nature-loving person who just loves to create with images, film and form.

As a project manager in the eventbusiness, I have worked a lot creating commercials for various events where I have written scripts, produced and acted in the films. I see it as a challenge to find ways to reach out to an audience in a creative way. Except for creating content with film,

I enjoy creating by designing and sewing my own clothes, painting, and taking photos.

I have worked with brands such as Vessi, Clearskin, Hair Luxious, Diasocks, Myresjöhus, Arento, Husqvarna, Stabile Posture, etc.

On my spare time I love hiking in the woods, it gives me peace of mind. I like cooking, travelling to different countries, spend time with my family and friends.
I keep fit with yoga, go to the gym, skiing, skating, activities after season.
A brief description of a multifaceted person.
